

CISG CASES

[Delphic Wholesalers \(Aust\) Pty Ltd v Agrilex Co Limited \[2010\] VSC \(6 August 2010\)](#)

Editorial
Bruno Zeller

This matter deals with a question of an offsetting claim. Payments for the last shipments of cheese were withheld. The judge noted in passing only that if the claim would have been in regard to the fitness of purpose of the cheese the CISG would have applied. However as noted above no claim as to the fitness of purposes was raised.
