Elizabeth Fowler  
*SAP Labs, LLC*  

Elizabeth Fowler is a product manager for PLM (Product Lifecycle Management) for SAP Labs, LLC. As product manager for SAP Labs, LLC, she is responsible for Lifecycle Data Management, which includes CAD integration and Document Management System software. Previously, she served at MatrixOne, Inc., as a project manager with the eMatrix PLM product implementations; and Parametric Technology Corp., as an area PDM specialist for the central US, where she advised clients on design, manufacturing, and data management software decisions. Fowler earned a bachelor's degree in engineering technology from Northern Illinois University and a master's degree in vocational and technical education from the University of Illinois, Champaign Urbana.
